

# GOSHA ARINICH

## PASSIONATE APPLICATION DEVELOPER

### ABOUT ME

I'm an young geek and the developer passionate about new and popular technologies, elegant and self-explanatory code.

I like breaking rules and patterns, I also have some principles I never go against.

It's known that coding is a part of my DNA since the age of 9.

### EDUCATION

I'm still a school student, though I'll finish school in 2014. I do not really believe education does matter for a developer.

### LANGUAGES SPOKEN

- + Russian, native
- + English, upper-intermediate
